Art Unit: 2623

Restriction/election

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 32-36, drawn to a digital video device includes a partial histogram contrast enhancer, means for setting pixel level threshold, and means for enabling the enhancer, classified in class 382, subclass 254 and 172.
- II. Claims 1-31 drawn to a method ,or a system, for contrast enhancer classified in class 382, subclass 168 and 169.

Inventions are related as combination/subcombinations. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because I does not require "when a given input-video-frame pixel's level is below the pixel level threshold, remapping that pixel according to an adaptive contrast-enhancing function". The subcombination has separate utility such as "when the given input-video-frame pixel's level is above the pixel level threshold, remapping that pixel according to a scene-stable mapping fuction".

Art Unit: 2623

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(l).
